Wherever you go at the office

Panasonic DECT Wireless Solution

Whether it's in an office, factory, warehouse, retail store, or other large facility, you can enjoy superb mobility no matter where you work. The Panasonic Multi-Cell DECT System keeps you in constant touch with colleagues and key customers even when you have to leave your work area. Elegant, compact and convenient, these high-performance telephones put a host of advanced communication features at your fingertips.

Anytime, Anywhere Access

Panasonic DECT handsets allow you to roam freely and still communicate. Whether in meeting rooms or corridors, from the loading dock to the classroom, wireless DECT from Panasonic has your communication needs covered.

Convenient and Scalable Solution

Panasonic DECT wireless coupled with your Panasonic KX-TAW/TDA/TDE/NCP communications system, offers the ideal mobile communications solution with up to a maximum of 128 cell stations.

Hassle-Free Installation

Avoid the expense of installing additional phone wiring. With Panasonic DECT handsets, enjoy the flexibility and convenience of cordless technology.

Models for Every Need

The business DECT line from Panasonic includes a standard, compact, and ruggedized model to meet your particular needs.

Panasonic ideas for life

Communication Made Easy

Panasonic offers reliable, flexible solutions for office and home

Elegant, Smart and Sturdy— Business Mobility Terminals

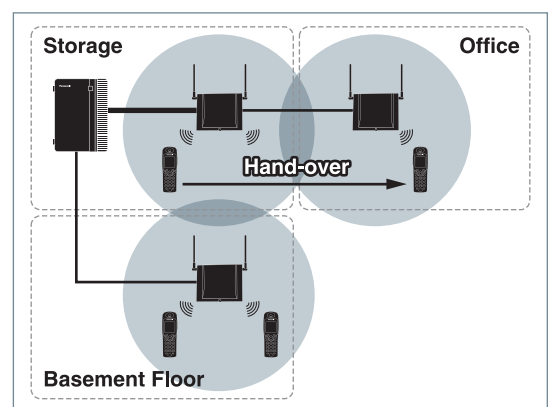

Handsets have a large, 6-line, blue backlit LCD and include all the features you'd expect such as Caller ID*, personal and system speed-dials, and a built-in 100-entry phonebook and distinct ring/LED options. The handset includes an intuitive Graphical Icon Menu and dynamic Operation Guidance with Soft Keys and a built-in Joystick.

Seamless Connectivity

This system provides automatic hand-over between installed cell stations —enhancing coverage and giving you true communication mobility even within large premises. Maintain high connection quality as you walk around, moving from one cell station area to the next while continuing important business conversations.

With Panasonic DECT, multi-system registration allows you to roam across up to 4 different phone systems with one wireless DECT handset for maximum flexibility.

A Rugged Model for Tough Environments

The KX-TD7696 is IP54 dust and splash resistant and is the perfect communications companion when work takes you to the factory floor, warehouse or any challenging environment. It's ideal for industrial, manufacturing, healthcare, retail and warehouse settings. The ruggedized case makes the unit shock resistant as well, to help prevent damage from accidental drops.

The Multi-Cell DECT System is an integrated wireless mobility solution designed specifically for use with a Panasonic PBX.
