

Want to **Stay in Touch?** We'll Keep You Connected.

The Panasonic Multi-Cell DECT System keeps you in communication with friends, family members, and business partners wherever you are in a large residence.

Panasonic DECT Wireless Solution for Large Residences

Anytime, Anywhere Access

Panasonic DECT handsets allow you to roam freely and still communicate seamlessly and effectively. Wherever you are on your property, whether in the basement or storage area, walking in the garden, by the pool, in another building, or at the front gate, Panasonic's wireless DECT has your communication needs covered.

Remote Doorphone Link

By linking the telephone system to your doorphone, you can greet visitors right from your DECT handset. You can also unlock the door by remote control from the DECT handset.

Models for Every Need

The DECT handset line from Panasonic includes standard, compact, and ruggedized models. The compact KX-TD7695 fits snugly in a suit pocket, and the IP54 dust and splash resistance of the KX-TD7696 make it great for use in the garden, the kitchen or in a workshop or garage.

Panasonic **ideas for life**

Communication Made Easy

Panasonic offers reliable, flexible solutions for large residences.

Elegant, Smart and Sturdy - Business Mobility Terminals

Handsets have a large, 6-line, blue backlit LCD and include all the features you'd expect such as Caller ID, personal and system speed-dials, and a built-in 100-entry phone book and distinct ring/LED options. The handset includes an intuitive Graphical Icon Menu and dynamic Operation Guidance with Soft Keys and a built-in Joystick.

Seamless Connectivity

This system provides automatic hand-over between installed cell stations - enhancing coverage and giving you true communication mobility even within large premises. Maintain high connection quality as you walk around, moving from one cell station area to the next while continuing with important business conversations.

With Panasonic DECT, multi-system Registration allows you to roam across up to 4 different phone systems with one wireless DECT handset for maximum flexibility.

Seamless Communication Boosts Mobility

Panasonic's Wireless XDP Parallel feature* lets you set your DECT handset to the same extension number as your desk phone, enables you to receive calls when you're away from your desk. Calls can be seamlessly transferred from the system desk phone to the DECT wireless handset or vice versa.
