## Superior Telephone Awarded New York State Telephone Contract

Superior Telephone was awarded the NYS OGS contract in 2004 and re-awarded in 2014. In 2018 we were contracted under the manufacturer's umbrella contract with NEC Corporation to provide services for all NYS state government agencies, municipalities and non-profit organizations.

### NEC IP PBX and Key Systems

- Private Branch Exchange (PBX)
- Automatic Call Distribution (ACD)
- Audio & Video Conferencing
- Voice Mail
- Call Accounting & reporting
- Network Cabling and Fiber Optics
- Other Telecommunications Systems Peripherals & Accessories

The OGS contract allows qualified agencies to work directly with Superior Telephone when procuring telephone equipment and designing IP, LAN/WAN integration. Qualified agencies can purchase through the New York State contract program without going out to bid via the RFP process.

### Accomplishments

Superior Telephone is proud to have been awarded many OGS contracts. Recently, we implemented the design and installation of the communication systems for the Town of Carmel, Town of LaGrange and the Fishkill Police Department. At each location we coordinated the carrier services for their new facilities', network infrastructure wiring and IP telephone and voice mail system integration which included our unlimited training and support. We have also deployed a telephone system for the City of Peekskill supporting 14 locations with centralized voice mail, as well as a system for Cronomer Valley Fire Department, and numerous other municipalities/businesses in the Tri-State area over the years.

### Our History

Headquartered in Dutchess County, New York for over 31 years, Superior Telephone is a provider of world-class tele-communications and networking products and services to customers of all sizes. Our technical staff has a combined total of over 300+ years of telecommunications knowledge and we take pride in delivering prompt and professional services. Superior Telephone provides network design and engineering, implementation and service support to over 7,000 business customers in New York, Massachusetts and Connecticut.
